CENTRAL RIFT VALLEY WATER WORKS DEVELOPMENT AGENCY.

MEDIA INVITATION

LAUNCH OF THE RESUMPTION OF WORKS FOR KIRANDICH

PHASE II PROJECT

The Central Rift Valley Water Works Development Agency (CRVWWDA) is one of the nine (9) Water Works Development Agencies in Kenya and was formed under Section 65 of the Water Act, 2016. The region served by the Agency comprise of the five Counties of Nakuru, Narok, Laikipia, Baringo and Nyandarua. The Agency is under the Ministry of Water, Sanitation and Irrigation, State Department for Water and Sanitation.

The Government of Kenya received funding from Italian Government to implement Kirandich Phase II project that is meant to supply portable water and improve Sanitation services in Kabarnet and the surrounding towns. However, the project has faced contractual challenges from 2016, which has led to delayed implementation.

Following a visit by the Principal Secretary, State Department for Water and Sanitation, and subsequent meetings with the parties involved, it was agreed that construction works should resume immediately and the contractor to mobilize equipment and machinery to site awaiting the relaunch of the project.

In view of this, Hon. Alice Wahome, Cabinet Secretary, Ministry of Water, Sanitation and Irrigation is scheduled to launch the resumption of works for Kirandich Phase II project in Baringo County on **Wednesday 4th October, 2023 from 9:00 am**. She will be accompanied by the Governor, County Commissioner and area Members of Parliament.

This is therefore to invite your esteemed media house to provide coverage during this event.

Your support will be highly appreciated.

Carlos Cheluget
Manager – Corporate Communications

Our Counties: Baringo, Laikipia, Nakuru, Narok and Nyandarua.
